WORK EXPERIENCE

Zen Companies Incorporated **Cagayan de Oro City, Misamis Oriental**
Full Stack Developer *Jan 2026 - Present*

- Own features end to end across 4 live products (lead-gen SaaS, AI thumbnail generator, yacht booking site, analytics hub) using Laravel, React/Next.js, TypeScript, and Supabase.
- Shipped 560+ commits, including an analytics hub built from scratch that tracks signups and revenue across all products, plus Stripe, GHL, and Sentry integrations.
- Hardened production apps with PCI-compliant checkout security, role-based admin tools, and error alerting to keep releases fast and reliable.

CK Children's Publishing **Cagayan de Oro City, Misamis Oriental**
Web Developer Intern *Jun 2025 - Aug 2025*

- Developed school portal features and assisted in integrating AI-powered learning tools using Laravel, FastAPI, LangChain, Ollama, and MySQL.
- Built and tested chat history, quiz generation, document-based learning, and session management features.
- Supported database schema design, API connections, frontend styling, and debugging.

EDUCATION

University of Science and Technology of Southern Philippines **Cagayan de Oro City, Misamis Oriental**
Bachelor of Science in Computer Science *Jun 2026*

- **Relevant coursework:** Data Structures and Algorithms, Object-Oriented Programming, Database Management Systems, Web Development, Software Engineering, Artificial Intelligence, Machine Learning

PROJECTS

The Commons Club - Booking System **Jul 2026**
Technologies: Laravel, React 19, TypeScript, MySQL, GitHub Actions (CI/CD)

- Built a full-stack court-booking platform with multi-court reservations, real-time availability, and race-safe booking under per-date locks.
- Designed a time-of-day pricing engine (recurring, one-off, and overnight rules with per-court overrides), covered by 500+ Pest tests.
- Developed the admin dashboard and automated CI/CD deploys via GitHub Actions.

TECHNICAL SKILLS

- **Programming Skills:** Python, JavaScript, TypeScript, PHP, C++, SQL, HTML, CSS
- **Frameworks & Tools:** Laravel, React, Node.js, PostgreSQL, MySQL, n8n, LangChain, Ollama, Git, Docker, Postman, GHL, REST APIs
